**A. INTRODUCTION**

Throughout this Amendment these entities are referred to as follows:

Village of Alatna	=	Village
Alaska Native Tribal Health Consortium	=	ANTHC
Cooperative Project Agreement	=	CPA
Denali Commission	=	Commission

On Oct. 22, 2001, ANTHC and the Village of Alatna executed a Cooperative Project Agreement for the provision of the following sanitation facilities: extension of the water transmission line to the multipurpose building and the design and installation of water treatment, mechanical, electrical, bathroom and laundry facilities in the building with the Denali Commission funding the interior finish of the clinic space and purchase of clinic equipment. The project was funded with Indian Health Service Housing funds; and via Denali Commission Financial Assistance Award Project No. 0019-DC-2001-I1, Amendment No. 1, dated July 2001.

On Sept. 12, 2002, ANTHC and the Village of Alatna executed an Amendment No. 1 to the CPA to change the project design methodology from ANTHC lead to using contractors for a portion of the design.

On May 24, 2005, ANTHC executed an Amendment No. 2 to the CPA to correct a rounding error in the project budget.

On Nov. 9, 2006, ANTHC and the Village of Alatna executed an Amendment No. 3 to the CPA to strike the \$30,000 community septic tank line item from the scope of work and reallocate the funds to the washeteria/water treatment plant line item.

**B. REVISION OF PROJECT BUDGET**

This Amendment adds \$131,574.82 to reimburse the cost of construction activities associated with the clinic space. The funds are provided in conjunction with the

reconciliation of Denali Commission Financial Assistance Award Project No. 0071-DC-2002-I24, and via a Denali Commission memorandum, dated Jan. 31, 2007.

Project funding therefore totals \$1,106,250.

## MEMORANDUM

DATE: February 2007

FROM: Environmental Coordinator

SUBJECT: Village of Alatna – Environmental Review  
Amendment No. 4, Project No. AN 01-C61

TO: FOR THE RECORD

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the project in consultation with applicable federal, state, and local authorities. An environmental review was completed in September 2001 for the proposed sanitation facilities construction at. This Amendment adds funding to the project and does not change the scope outlined in the original document.

ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.
